

Website Building: Weekend Assignment

HTML/CSS - ERROR Pages

The following exercise contains the following subjects:

- Everything we have learned

Instructions

This week we learned HTML and basic CSS.

This weekend we will build HTML and CSS basics pages.

Copy the main content from [Dropbox](#) , [Pixar](#) pages.

Please use:

- Inspect tool to inspect the page elements.
- The CSS that we learned (margins and floats).

Bonus:

- Use semantic HTML.

Ninja:

Add positions to your CSS.
